Dear Ms. Jacobs-Simmons:

The District of Columbia is pleased to transmit the final Workforce Investment Act/Wagner-Peyser Act Strategic Workforce Investment Plan, Stand-Alone Modification, for Program Years 2009 – 2010. The Plan and its attachments incorporate the clarifications requested and approved by ETA on September 3, 2009.

The Plan covers key initiatives to advance the District's workforce investment system, with special focus on activities and enhancements to be achieved with Recovery Act investments. We have sought to present a clear picture of the District's employment services delivery system, and how we are working cooperatively with our public/private partners to meet the needs of business and job seeker customers.

Thank you, again, for your receipt and approval of the Plan. Please contact me with any concerns or questions you might have.

Sincerely,

Joseph P. Walsh  
Director
